

buildzone

A DIVISION OF MSINAN PTY LTD

...the ideal name in building

About buildzone

buildzone provides complete building solutions from excavation and demolition through to design and construction. We work in domestic, commercial and industrial construction. Our high quality services include:

- Demolition and excavation
- Design, building and construction
- Building maintenance
- Renovation, extensions and additions
- Fitouts, makeovers and alterations
- All internal and external work
- All trades
- Landscaping and fencing
- Development and civil works
- Project management
- Building consulting
- Architectural and engineering services

buildzone is a community-based business. Our office is based in Liverpool, servicing the greater Sydney area.

We have access to a highly qualified team of contractors and tradespeople to meet all your building and maintenance requirements, as well as residential, commercial and industrial construction.

We are a member of the Master Builders Association of NSW.
